

Unit project

After learning this unit, you are going to accomplish a project with other members in a group.

Background:

On June 29, 2017, the training ship YUKUN of Dalian Maritime University had arrived the Hong Kong Victoria Harbor. On July 1, hundreds of Hongkong citizens came on board YUKUN to visit this training ship. Suppose you are the captain or one of the deck officers on this ship, work in groups and introduce YUKUN to all the visitors. The detailed requirements are listed below.

1. Work in groups of four.
2. Each of you should take the responsibility of introducing one part of the ship, including parts of the ship, the deck area of the ship, the bridge, and rooms on the ship.
3. Discuss with each other what you are going to talk about and make a list on the things you are going to introduce.
4. Use visual aids in your introduction such as pictures and videos.
5. Make this group presentation in front of the whole class.
